Are You Secure? Cyber Security

Keynote Speaker: James Spellos

Today's high profile hacks of major organizations and institutions have increased awareness of the issues of digital security, yet most people are compromising their personal and company's information on a regular basis, which can put their business and themselves at risk. Attendees at this session will better understand the digital risks, and learn to separate truth from hype about how secure their presence is.

Use the power of real time data to save today. Through data analytics and recommendations for best practices, WaterSignal can help you save water and money, learn more at our annual meeting.
